Through community service in the fields of health, disaster preparedness, gender awareness, life skills development, environmental enrichment, and conservation, the NSS,NCC Unit has developed a close relationship with the community. A collegiate Commerce Forum is a venue for enhancing students' knowledge of the business world and honing their practical abilities. It gives students the chance to engage in event management professionally, take part in activities, and broaden their knowledge outside of the conventional classroom. By bridging the gap between academic knowledge and practical applications, these forums hope to promote a pragmatic approach to business. Students who play sports get motivated to compete and succeed. Cultural department provide students with chances to explore, enjoy, and share their different cultural backgrounds, fostering intercultural understanding and personal development while also helping to preserve our Indian arts and culture and improving the skills of individuals with autism.
